Re. CC Docket No. 96-45

Annual State Certification of Support for Rural Carriers and Non-Rural Carriers

Dear Ms. Dortch and Ms. Flannery:

The South Dakota Public Utilities Commission (Commission) hereby states that the following rural and non-rural incumbent local exchange carriers and/or eligible telecommunications carriers within its jurisdiction have been certified to receive support pursuant to 47 CFR §§ 54.301, 54.305, 54.307, and/or 54.309 and/or part 36, subpart F. The carriers listed below filed requests for certification with the Commission which support their affirmations that all federal high-cost support provided to them will be used only for the provision, maintenance, and upgrading of facilities and services for which the support is intended, consistent with section 254(e) of the Communications Act.

The Commission has granted certification to the following rural incumbent local exchange carriers and/or eligible telecommunications carriers:

Dickey Rural Communications, Inc. (381611) (co. no. 1681)
Dickey Rural Telephone Cooperative (381611) (co. no. 1611)
Farmers Mutual Telephone Company (361389)
Hills Telephone Company, Inc. (Contingent upon completion of sale of exchanges by Sioux Valley Telephone Company to Hills Telephone - See enclosed order.)

The Commission has granted certification to the following non-rural eligible telecommunications carriers:

Black Hills FiberCom, L.L.C. (competitive ETC)
Midcontinent Communications (competitive ETC)

No. of Copies rec'd 0
List ABCDE

Enclosed are the Orders Granting Certification to the above-referenced rural and non-rural incumbent local exchange carriers and/or eligible telecommunications carriers. Should you have any questions, please do not hesitate to contact us for further information.

Sincerely,

Robert K. Sahr
Chairman

Gary Hanson
Commissioner

James A. Burg
Commissioner

**BEFORE THE PUBLIC UTILITIES COMMISSION
OF THE STATE OF SOUTH DAKOTA**

IN THE MATTER OF THE REQUEST OF) ORDER GRANTING
DICKEY RURAL COMMUNICATIONS, INC. FOR) CERTIFICATION
CERTIFICATION REGARDING ITS USE OF)
FEDERAL UNIVERSAL SERVICE SUPPORT) TC04-195

On May 23, 2001, the Federal Communications Commission (FCC) released an Order concerning the federal universal service support mechanism for rural carriers.¹ This Order (hereafter referenced as the "Fourteenth Report and Order"), in part, codifies at 47 § C.F.R. 54.314, a requirement for States to provide a certification regarding federal universal service support that is received by rural incumbent local exchange carriers and/or eligible telecommunications carriers providing service in rural service areas. Pursuant to such rule, a state that desires rural carriers within its jurisdiction to receive future federal universal service support must file an annual certification with the FCC and the Universal Service Administrative Company (USAC) stating that federal high cost support provided to such carriers within that State will be used only for the provision, maintenance, and upgrading of facilities and services for which the support is intended. This certification requirement applies to various categories of federal universal service support, including support provided pursuant to 47 C.F.R. §§ 54.301, 54.305, and/or 54.307, and/or 47 C.F.R. Part 36, Subpart F (high-cost loop support, local switching support, safety net additive support, and safety valve support). Support provided under these FCC rule provisions will only be made available in the future if the State Commission files the requisite certification pursuant to § 54.314.

The certification required for rural carriers to receive federal universal support for all four quarters during calendar year 2005 is currently due to be filed with the FCC and USAC on or before October 1, 2004. The certification may be presented to these entities in the form of a letter from the State Commission. The letter must identify which carriers in the state are eligible to receive federal support during the 12-month period and must certify that the carriers listed will only use the support for the provision, maintenance, and upgrading of facilities and services for which the support is intended.

On September 7, 2004, the South Dakota Public Utilities Commission (Commission) received a filing from Dickey Rural Communications, Inc. (Company) regarding its Request for Certification Regarding its Use of Federal Universal Service Support. The purpose of this filing was to provide information constituting Company's plan for the use of its federal universal service support and to otherwise verify that Company will use all federal

¹CC Docket No. 96-45, CC Docket No. 00-256, Fourteenth Report and Order, Twenty Second Order on Reconsideration, and Further Notice of Proposed Rulemaking in CC Docket No. 96-45, and Report and Order in CC Docket No. 00-256, FCC 01-157, Released May 23, 2001.

universal service support received in a manner that is consistent with the federal universal service provisions of 47 U.S.C. § 254. As a part of its plan, Company listed estimates of the support it expected to receive from USAC as well as its estimated costs for the provision, maintenance, and upgrading of facilities and services. An Affidavit was attached to the Request for Certification.

On September 9, 2004, the Commission electronically transmitted notice of the filing and the intervention deadline of September 17, 2004, to interested individuals and entities. No parties sought intervention.

At its regularly scheduled meeting of September 30, 2004, the Commission considered this matter.

The Commission has jurisdiction over this matter pursuant to SDCL Chapters 1-26, 49-31, and 47 U.S.C. § 254. The Commission found that the Company is eligible to receive federal support as it states it will only use the support for the provision, maintenance, and upgrading of facilities and services for which the support is intended. The Commission unanimously voted to approve Company's Request for Certification Regarding Its Use of Federal Universal Service Support. It is therefore

ORDERED, that the Company is eligible to receive federal support as it states it will only use the support for the provision, maintenance, and upgrading of facilities and services for which the support is intended. It is

FURTHER ORDERED, that the Commission approves Company's Request for Certification Regarding Its Use of Federal Universal Service Support.

Dated at Pierre, South Dakota, this 30th day of September, 2004.

TC04-198

On May 23, 2001, the Federal Communications Commission (FCC) released an Order concerning the federal universal service support mechanism for rural carriers.¹ This Order (hereafter referenced as the "Fourteenth Report and Order"), in part, codifies at 47 § C.F.R. 54.314, a requirement for States to provide a certification regarding federal universal service support that is received by rural incumbent local exchange carriers and/or eligible telecommunications carriers providing service in rural service areas. Pursuant to such rule, a state that desires rural carriers within its jurisdiction to receive future federal universal service support must file an annual certification with the FCC and the Universal Service Administrative Company (USAC) stating that federal high cost support provided to such carriers within that State will be used only for the provision, maintenance, and upgrading of facilities and services for which the support is intended. This certification requirement applies to various categories of federal universal service support, including support provided pursuant to 47 C.F.R. §§ 54.301, 54.305, and/or 54.307, and/or 47 C.F.R. Part 36, Subpart F (high-cost loop support, local switching support, safety net additive support, and safety valve support). Support provided under these FCC rule provisions will only be made available in the future if the State Commission files the requisite certification pursuant to § 54.314.

The certification required for rural carriers to receive federal universal support for all four quarters during calendar year 2005 is currently due to be filed with the FCC and USAC on or before October 1, 2004. The certification may be presented to these entities in the form of a letter from the State Commission. The letter must identify which carriers in the state are eligible to receive federal support during the 12-month period and must certify that the carriers listed will only use the support for the provision, maintenance, and upgrading of facilities and services for which the support is intended.

On September 16, 2004, the South Dakota Public Utilities Commission (Commission) received a filing from Farmers Mutual Telephone Company (Company) regarding its Request for Certification Regarding its Use of Federal Universal Service Support. The purpose of this filing was to provide information constituting Company's plan

¹CC Docket No. 96-45, CC Docket No. 00-256, Fourteenth Report and Order, Twenty Second Order on Reconsideration, and Further Notice of Proposed Rulemaking in CC Docket No. 96-45, and Report and Order in CC Docket No. 00-256, FCC 01-157, Released May 23, 2001.

for the use of its federal universal service support and to otherwise verify that Company will use all federal universal service support received in a manner that is consistent with the federal universal service provisions of 47 U.S.C. § 254. As a part of its plan, Company listed estimates of the support it expected to receive from USAC as well as its estimated costs for the provision, maintenance, and upgrading of facilities and services. An Affidavit was attached to the Request for Certification.

On September 17, 2004, the Commission electronically transmitted notice of the filing and the intervention deadline of September 24, 2004, to interested individuals and entities. No parties sought intervention.

At its regularly scheduled meeting of September 30, 2004, the Commission considered this matter.

The Commission has jurisdiction over this matter pursuant to SDCL Chapters 1-26, 49-31, and 47 U.S.C. § 254. The Commission found that the Company is eligible to receive federal support as it states it will only use the support for the provision, maintenance, and upgrading of facilities and services for which the support is intended. The Commission unanimously voted to approve Company's Request for Certification Regarding Its Use of Federal Universal Service Support. It is therefore

ORDERED, that the Company is eligible to receive federal support as it states it will only use the support for the provision, maintenance, and upgrading of facilities and services for which the support is intended. It is

FURTHER ORDERED, that the Commission approves Company's Request for Certification Regarding Its Use of Federal Universal Service Support.

Dated at Pierre, South Dakota, this 30th day of September, 2004.

ORDER GRANTING
CERTIFICATION

TC04-204

On May 23, 2001, the Federal Communications Commission (FCC) released an Order concerning the federal universal service support mechanism for rural carriers.¹ This Order (hereafter referenced as the "Fourteenth Report and Order"), in part, codifies at 47 § C.F.R. 54.314, a requirement for States to provide a certification regarding federal universal service support that is received by rural incumbent local exchange carriers and/or eligible telecommunications carriers providing service in rural service areas. Pursuant to such rule, a state that desires rural carriers within its jurisdiction to receive future federal universal service support must file an annual certification with the FCC and the Universal Service Administrative Company (USAC) stating that federal high cost support provided to such carriers within that State will be used only for the provision, maintenance, and upgrading of facilities and services for which the support is intended. This certification requirement applies to various categories of federal universal service support, including support provided pursuant to 47 C.F.R. §§ 54.301, 54.305, and/or 54.307, and/or 47 C.F.R. Part 36, Subpart F (high-cost loop support, local switching support, safety net additive support, and safety valve support). Support provided under these FCC rule provisions will only be made available in the future if the State Commission files the requisite certification pursuant to § 54.314.

The certification required for rural carriers to receive federal universal support for all four quarters during calendar year 2005 is currently due to be filed with the FCC and USAC on or before October 1, 2004. The certification may be presented to these entities in the form of a letter from the State Commission. The letter must identify which carriers in the state are eligible to receive federal support during the 12-month period and must certify that the carriers listed will only use the support for the provision, maintenance, and upgrading of facilities and services for which the support is intended.

On September 21, 2004, the South Dakota Public Utilities Commission (Commission) received a filing from Hills Telephone Company, Inc. (Hills) requesting designation as an eligible telecommunications carrier and requesting certification

¹CC Docket No. 96-45, CC Docket No. 00-256, Fourteenth Report and Order, Twenty Second Order on Reconsideration, and Further Notice of Proposed Rulemaking in CC Docket No. 96-45, and Report and Order in CC Docket No. 00-256, FCC 01-157, Released May 23, 2001.

regarding its use of federal universal service support. Hills stated that it has "entered into an Agreement for the Purchase and Sale of Telephone Exchanges (the "Purchase Agreement") with Sioux Valley Telephone Company ("Sioux Valley") providing for the purchase and sale of the Valley Springs, North Larchwood, and East Valley Springs local telephone exchanges (collectively the "Valley Springs Exchanges") by Hills from Sioux Valley." This transaction will be completed when all of the regulatory approvals have been obtained. Hills further explained that "[t]he Valley Springs Exchanges are currently operated by Sioux Valley and are part of Sioux Valley's existing South Dakota study area. Sioux Valley has been designated as an ETC in its existing study area. Hills has petitioned the FCC for the creation of a new study area for Hills in South Dakota. Following the closing of the sale of the Valley Springs Exchanges, Sioux Valley will cease to serve as the LEC in the Valley Springs Exchanges. Hills will then begin serving as the LEC using the same facilities and offering the same services as those previously used and offered by Sioux Valley."

The purpose of the filing regarding certification was to provide information constituting Hills' plan for the use of its federal universal service support and to otherwise verify that Hills will use all federal universal service support received in a manner that is consistent with the federal universal service provisions of 47 U.S.C. § 254. As a part of its plan, Hills listed estimates of the support it expected to receive from USAC as well as its estimated costs for the provision, maintenance, and upgrading of facilities and services. An Affidavit was attached to the request for certification. Hills requested that "the Commission issue a finding that Hills has met the high-cost certification requirement and that Hills is, therefore, entitled to begin receiving USF support as of the date of the closing of the transactions contemplated in the Purchase Agreement in order that funding will not be delayed."

On September 23, 2004, the Commission electronically transmitted notice of the filing and the intervention deadline of September 28, 2004, to interested individuals and entities. No parties sought intervention.

At its regularly scheduled meeting of September 30, 2004, the Commission considered this matter.

The Commission has jurisdiction over this matter pursuant to SDCL Chapters 1-26, 49-31, and 47 U.S.C. § 254. The Commission found that Hills is eligible to receive federal support as it states it will only use the support for the provision, maintenance, and upgrading of facilities and services for which the support is intended. However, this certification is contingent upon the closing of the sale of the Valley Springs Exchanges to Hills from Sioux Valley. The Commission unanimously voted to approve Hills' request for certification, contingent upon the closing of the sale of the Valley Springs Exchanges to Hills from Sioux Valley. It is therefore

ORDERED, that the Hills is eligible to receive federal support as it states it will only use the support for the provision, maintenance, and upgrading of facilities and services for

which the support is intended. It is

FURTHER ORDERED, that the Commission approves Hills' request for certification, contingent upon the closing of the sale of the Valley Springs Exchanges to Hills from Sioux Valley .

Dated at Pierre, South Dakota, this 30th day of September, 2004.

AS AN ELIGIBLE TELECOMMUNICATIONS)	
CARRIER AND FOR CERTIFICATION)	TC04-133
REGARDING ITS USE OF FEDERAL)	
UNIVERSAL SERVICE SUPPORT)	

On July 19, 2004, the South Dakota Public Utilities Commission (Commission) received a filing from Black Hills FiberCom, L.L.C. (Company) regarding its request for designation as an eligible telecommunications carrier. On September 28, 2004, the Commission received a second amendment to the filing requesting certification regarding its use of federal universal service support. The purpose of the second amendment was to provide information constituting Company's plan for the use of its federal universal service support and to otherwise verify that Company will use all federal universal service support received in a manner that is consistent with the federal universal service provisions of 47 U.S.C. § 254. As a part of its plan, Company listed estimates of the support it expected to receive from the Universal Service Administrative Company (USAC) as well as its estimated costs for the provision, maintenance, and upgrading of facilities and services. An Affidavit was attached to the Request for Certification.

Pursuant to 47 C.F.R. § 54.313, a state that desires an eligible telecommunications carrier serving lines within the service area of an incumbent non-rural carrier to receive future federal universal service support must file an annual certification with the Federal Communications Commission and USAC stating that federal high cost support provided to such carrier within that State will be used only for the provision, maintenance, and upgrading of facilities and services for which the support is intended. This certification requirement applies to various categories of federal universal service support. Support provided under FCC rules will only be made available if the State Commission files the requisite certification pursuant to § 54.313.

On July 22, 2004, the Commission electronically transmitted notice of the filing and the intervention deadline of August 6, 2004, to interested individuals and entities. No parties sought intervention.

At its regularly scheduled meeting of September 30, 2004, the Commission considered this matter. The Commission has jurisdiction over this matter pursuant to SDCL Chapters 1-26, 49-31, and 47 U.S.C. § 254.
